New Slip Fit

ART.0011.130.5
Angled "V" Head Slip Fit & 3" Slip Fit Extension

The Slip Fit extension is designed for the base of the rams to create an aggressive and safer purchase point.

Placing the slip fit extension in the base of the ram allows the rescuer to operate a ram with two (2) of the patented Angled V-Heads and push from areas never before accessible.

The Slip Fit also allows a full 360 degrees of movement for even greater versatility.

Part # ART.011.515.2
NFPA Push/Pull Ram Kit Includes:
Angled "V" Head (Patented Design)
Angled "V" Head Slip Fit
"X" Head
10" Extension
3" Slip Fit Extension
Pulling Shackles and Pins
Pulling Adapters
Spanner Wrench
